

# THANK YOU, COMMUNITY GROUPS & ORGANIZATIONS!!

McKiee & Farrar, Gair and Tri-County Insurance have just completed the second year of an incredible journey. This year, our team of brokers, along with staff from Leon's and Dr. Ryan Greenfield Family Dentistry, selected 24 groups/organizations to receive a \$1500 donation. Two groups received a donation each month from January to December. To date, a total of \$50,000 has been donated locally over two years.

This journey has been an eye-opening experience for our brokers and for our Company. Each donation provided a true learning experience for our staff. We learned that there are many self-funded organizations in our community and we learned how impactful these groups are in so many lives of our residents. Many of our friends and neighbours have come to utilize the many services that these groups and organizations provide. These services are invaluable and without them, many people in our community would be lost.

We wish to thank these recipients for helping us understand how much good is done in our community by a strong group of volunteers, giving their time and expertise to such worthy causes. You know who you are ... and you know that the return for all of your hard work is knowing that many people are helped as a direct result of your collective efforts.

Often, when times are good, local groups and organizations go unnoticed. In times of need, these groups are there to assist. This assistance comes in many forms... from directing people to program resources that are available to helping enjoy leisure activities, to helping disadvantaged, to providing food for the hungry. Thank you for helping us administer the goodwill, and thank you for allowing us to share in the happiness that it brings.

We are delighted to have received such support from our community. The calls, the letters, the emails have been touching. Thanks to the many new clients who believe, as we do, that keeping local business vibrant is a key to a healthy community.

**To our local groups and organizations... *Congratulations*** for all of the good you do. You are truly appreciated and your hard work will not go unnoticed. From McKiee & Farrar, Gair and Tri-County Insurance... **a hearty THANK YOU** and our sincere best wishes for your continued successes!
